

33 CFR Part 165

[CGD02-95-015]

RIN 2115-AA97

Safety Zone; Lower Mississippi River, mile 840.0 to mile 835.0

AGENCY: Coast Guard, DOT.

ACTION: Temporary rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone on the Lower Mississippi River between mile 840.0 and mile 835.0. The zone is needed to restrict vessel traffic in the regulated area to provide a safe work area for emergency responders and salvage personnel. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port.

EFFECTIVE DATES: This regulation is effective from 11 p.m. on July 23, 1995 and terminates at 11:55 p.m. on December 31, 1995.

FOR FURTHER INFORMATION CONTACT: LTJG Roberts, Assistant Chief Operations Officer, Captain of the Port, 200 Jefferson Avenue, Suite 1301, Memphis, TN 38103, Phone: (901) 544-3941.

SUPPLEMENTARY INFORMATION:**Background and Purpose**

On July 23, 1995 the Coast Guard was notified that a towing vessel with 35 barges allided with the I-155 bridge at Lower Mississippi River mile 838.9. After further investigation by Marine Safety Office Memphis personnel, it was recommended that a safety zone be issued in order to prevent additional damage that could be caused by a tow striking a submerged barge and to aid in the safe location and salvage of the barges. The barges are believed to be located in the channel and pose a substantial threat to navigation. The safety zone will be limited to Lower Mississippi River mile 840.0 to mile 835.0.

In accordance with 5 U.S.C. 553, a notice of proposed rulemaking was not published for this regulation and good cause exists for making it effective in less than 30 days after **Federal Register** publication. Publication of a notice of proposed rulemaking and delay of effective date would be contrary to the public interest because immediate action is necessary. Specifically, emergency response crews and salvage personnel require the area to be secured in order to aid in the location and salvage of the sunken barges. As a result, the Coast Guard deems it to be in the public's best interest to issue a regulation immediately.

Regulatory Evaluation

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. It has not been reviewed by the Office of Management and Budget under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this proposal to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary.

Collection of Information

This rule contains no information collection requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Federalism

The Coast Guard has analyzed this rule under the principles and criteria contained in Executive Order 12612 and has determined that this rule does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Environment

The Coast Guard considered the environmental impact of this rule and concluded that, under paragraph 2.B.2 of Commandant Instruction M16475.1B, this rule is categorically excluded from further environmental documentation.

Revision of Patent and Trademark Fees

AGENCY: Patent and Trademark Office, Commerce.

ACTION: Final rule.

SUMMARY: The Patent and Trademark Office (PTO) is amending the rules of practice in patent and trademark cases, Parts 1, 2 and 7 of title 37, Code of Federal Regulations, to adjust certain patent and trademark fee amounts to reflect fluctuations in the Consumer Price Index (CPI) and to recover costs of operation, and is amending the requirements for recording documents on the Government Register. This rule also includes information relating to the availability of patent and trademark information products provided by the PTO.

EFFECTIVE DATE: October 1, 1995.

FOR FURTHER INFORMATION CONTACT: Robert Kopson by telephone at (703) 305-8510, fax at (703) 305-8525, or by mail marked to his attention and addressed to the Commissioner of Patents and Trademarks, Washington, D.C. 20231.

SUPPLEMENTARY INFORMATION: This rule change is designed to adjust PTO fees in accordance with the applicable provisions of title 35, United States Code; section 31 of the Trademark (Lanham) Act of 1946 (15 U.S.C. 1113); and section 10101 of the Omnibus Budget Reconciliation Act of 1990 (as amended by section 8001 of Public Law 103-66), all as amended by the Patent and Trademark Office Authorization Act of 1991 (Pub. L. 102-204).

The cover sheet referenced in 37 CFR 7.1(c) must be in a format approved by the Office. The Office of Public Records will maintain a list of approved formats that will meet this requirement. Contact the Office of Public Records at (703) 308-9743 regarding specific questions relating to this requirement and to seek approval of additional formats.

Background

Statutory Provisions

Patent fees are authorized by 35 U.S.C. 41 and 35 U.S.C. 376. A fifty percent reduction in the fees paid under 35 U.S.C. 41(a) and (b) by independent inventors, small business concerns, and nonprofit organizations who meet prescribed definitions is required by 35 U.S.C. 41(h).

Subsection 41(f) of title 35, United States Code, provides that fees established under 35 U.S.C. 41(a) and (b) may be adjusted on October 1, 1992, and every year thereafter, to reflect fluctuations in the Consumer Price Index (CPI) over the previous 12 months.

Section 10101 of the Omnibus Budget Reconciliation Act of 1990 (amended by section 8001 of Pub. L. 103-66) provides that there shall be a surcharge on all fees established under 35 U.S.C. 41(a) and (b) to collect \$111 million in fiscal year 1996.

Subsection 41(d) of title 35, United States Code, authorizes the Commissioner to establish fees for all other processing, services, or materials related to patents to recover the average cost of providing these services or materials, except for the fees for recording a document affecting title, for each photocopy, and for each black and white copy of a patent.

Section 376 of title 35, United States Code, authorizes the Commissioner to set fees for patent applications filed under the Patent Cooperation Treaty (PCT).

Subsection 41(g) of title 35, United States Code, provides that new fee amounts established by the Commissioner under section 41 may take effect thirty days after notice in the **Federal Register** and the *Official Gazette of the Patent and Trademark Office*.

Section 31 of the Trademark (Lanham) Act of 1946, as amended (15 U.S.C. 1113), authorizes the Commissioner to establish fees for the filing and processing of an application for the registration of a trademark or other mark, and for all other services and materials relating to trademarks and other marks.

Section 31(a) of the Trademark (Lanham) Act of 1946 (15 U.S.C.

1113(a)), as amended, allows trademark fees to be adjusted once each year to reflect, in the aggregate, any fluctuations during the preceding 12 months in the CPI.

Section 31 also allows new trademark fee amounts to take effect thirty days after notice in the **Federal Register** and the *Official Gazette of the United States Patent and Trademark Office*.

Recovery Level Determinations

This rule adjusts patent and trademark fees for a planned recovery of \$643,014,000 in fiscal year 1996, as proposed in the Administration's budget request to the Congress.

The patent statutory fees established by 35 U.S.C. 41(a) and (b) are being adjusted on October 1, 1995, to reflect any fluctuations occurring during the previous 12 months in the Consumer Price Index (CPI-U). In calculating these fluctuations, the Office of Management and Budget (OMB) has determined that the PTO should use CPI-U data as determined by the Secretary of Labor. However, the Department of Labor does not make public the CPI-U until approximately 21 days after the end of the month being calculated. Therefore, the latest CPI-U information available is for the month of May 1995. In accordance with previous rulemaking methodology, the PTO uses the Administration's projected CPI-U for the 12-month period ending September 30, 1995, which is 3.2 percent. Based on this projection, patent statutory fees will be adjusted by 3.2 percent. Before the final fee schedule is published, the fees may be slightly adjusted based on actual data available from the Department of Labor.

Certain non-statutory patent processing fees established under 35 U.S.C. 41(d) and PCT processing fees established under 35 U.S.C. 376 are being adjusted to recover their estimated average costs in fiscal year 1996. Three patent service fees that are set by statute will not be adjusted. The three fees that are not being adjusted are assignment recording fees, printed patent copy fees and photocopy charge fees.

Certain trademark service fees established under 15 U.S.C. 1113 are being adjusted to recover their estimated average costs in fiscal year 1996.

The fee amounts were rounded by applying standard arithmetic rules so that the amounts rounded would be convenient to the user. Fees of \$100 or more were rounded to the nearest \$10. Fees between \$2 and \$99 were rounded to an even number so that the comparable small entity fee would be a whole number.

Workload Projections

Determination of workloads varies by fee. Principal workload projection techniques are as follows:

Patent application workloads are projected from statistical regression models using recent application filing trends. Patent issues are projected from an in-house patent production model and reflect examiner production achievements and goals. Patent maintenance fee workloads utilize patents issued 3.5, 7.5 and 11.5 years prior to payment and assume payment rates of 79 percent, 55 percent and 32 percent, respectively. Service fee workloads follow linear trends from prior years' activities.

General Procedures

Any fee amount that is paid on or after the effective date of the fee increase would be subject to the new fees then in effect. For purposes of determining the amount of the fee to be paid, the date of mailing indicated on a proper Certificate of Mailing or Transmission, where authorized under 37 CFR 1.8, will be considered to be the date of receipt in the PTO. A Certificate of Mailing or Transmission under Section 1.8 is not "proper" for items which are specifically excluded from the provisions of Section 1.8. Section 1.8 should be consulted for those items for which a Certificate of Mailing or Transmission is not "proper." Such items include, inter alia, the filing of national and international applications for patents and the filing of trademark applications. However, the provisions of 37 CFR 1.10 relating to filing papers and fees with an "Express Mail" certificate do apply to any paper or fee (including patent and trademark applications) to be filed in the PTO. If an application or fee is filed by "Express Mail" with a proper certificate dated on or after the effective date of the rules, as amended, the amount of the fee to be paid would be fee established by the amended rules.

A notice of final rulemaking was published at 60 FR 20195 (April 25, 1995) wherein several new fee provisions were made to implement the 20-year patent term and provisional applications. Language changes were made in 37 CFR 1.16 (a), (b), (d), (f), and (g) which are reproduced in this final rule package. In addition, fees involving 37 CFR 1.17 (r) and (s) are being adjusted by changes in the CPI to remain equal to the basic filing fee for a utility patent application.

PTO Information Dissemination Products

The PTO provides information to the public in the Patent Search Room and

the Trademark Search Library in Arlington, Virginia, and at 78 Patent and Trademark Depository Libraries around the country. A list of the libraries is included in each issue of the *Official Gazette of the Patent and Trademark Office*. In addition, a number of patent and trademark search tools and document-delivery products, published on paper and on various machine-readable media, are sold directly to the public.

Printed PTO publications may be ordered from the Government Printing Office (GPO) or one of its Book Stores located throughout the country. A list of patent and trademark-related publications with current prices and ordering information is available from the GPO (Subject Bibliography SB 021). Superintendent of Documents, P.O. Box 371984, Pittsburgh, PA 15250-7954, Voice: 202-512-1800, Fax: 202-512-2250.

Machine-readable publications, including magnetic tapes and CD-ROMs, may be ordered directly from the PTO. A printed catalog of machine-readable products, including current prices and ordering information, is available from the Office of Information Products Development, US Patent and Trademark Office, Office of Information Products Development, Crystal Park 3, Room 412, Washington, DC 20231, Voice: 703-308-0322, Fax: 703-308-0493.

The catalog of machine-readable products is published in the *Official Gazette of the Patent and Trademark Office* in late December each year and may also be viewed on, or downloaded from, the PTO electronic bulletin board (703-305-8950, 8/no/1) or from the PTO's home page on the Internet (<http://www.uspto.gov/>).

submitted for recording also apply to instruments submitted for recording on the Government Register. Sections 7.1(b)-(d) and (f)-(i) contain language similar to that in §§ 3.21, 3.28, 3.31, 3.34, 3.26, 3.27, and 3.41, respectively.

Section 7.1(b), is added to provide that an instrument relating to a patent must identify the patent by the patent number, that an instrument relating to a national patent application must identify the national patent application by the application number (consisting of the series code and the serial number, e.g., 07/123,456) or the serial number and filing date, that an instrument relating to an international patent application which designates the United States of America must identify the international application by the international application number (e.g., PCT/US90/01234), and that if an assignment is executed concurrently with, or subsequent to, the execution of the patent application, but before the patent application is filed, it must identify the patent application by its date of execution, name of each inventor, and title of the invention so that there can be no mistake as to the patent application intended.

Section 7.1(c), is added to provide that each instrument submitted to the PTO for recording must be accompanied by a cover sheet referring to those patent applications and patents against which the instrument is to be recorded, that one set of instruments and cover sheets to be recorded should be filed, and that if an instrument to be recorded is not accompanied by a completed cover sheet, the instrument and any incomplete cover sheet will be returned for proper completion of a cover sheet and resubmission of the instrument and a completed cover sheet.

Section 7.1(d), is added to provide that each cover sheet must contain: (1) the name of the party conveying the interest; (2) the name and address of the party receiving the interest; (3) a description of the interest conveyed or transaction to be recorded; (4) each application number or patent number against which the instrument is to be recorded, or an indication that the instrument is filed together with a patent application; (5) the name and address of the party to whom correspondence concerning the request to record the instrument should be mailed; (6) the number of applications or patents identified in the cover sheet and the total fee; (7) the date the instrument was executed; (8) a statement by the party submitting the instrument that to the best of the person's knowledge and belief, the information contained on the cover

sheet is true and correct and any copy submitted is a true copy of the original instrument; and (9) the signature of the party submitting the instrument.

Section 7.1(e), is added that each patent cover sheet required by paragraph (c) of this section seeking to record a governmental interest as provided by paragraph (a) of this section must: (1) indicate that the instrument is to be recorded on the governmental register, and, if applicable, that the instrument is to be recorded on the Secret Register. See § 7.7, and (2) indicate, if applicable, that the instrument to be recorded is not an instrument affecting title. See paragraph (j) of this section.

Section 7.1(f), is added to provide for the correction of errors in the cover sheet. Specifically, § 7.1(e), provides that an error in a cover sheet recorded pursuant to this Part will be corrected only if: (1) the error is apparent when the cover sheet is compared with the recorded instrument to which it pertains, and (2) a corrected cover sheet accompanied by the recording fee set forth in paragraph (i) of this section and either the original recorded instrument or a copy of the original recorded instrument is filed for recordation.

Section 7.1(g), is added to provide that the Office will accept and record non-English language instruments only if accompanied by a verified English translation signed by the individual making the translation.

Section 7.1(h), is added to provide that instruments and cover sheets to be recorded should be addressed to the Commissioner of Patents and Trademarks, Box Assignment, Washington, D.C. 20231.

Section 7.1(i) is added to provide that all requests, except as provided by paragraph (j) of this section, to record instruments must be accompanied by the recording fee set forth in § 1.21(h) of this chapter, and that the fee set forth in § 1.21(h) of this chapter is required for each application and patent against which the instrument is recorded as identified in the cover sheet.

Section 7.1(j), is added to provide that no fee is required for each patent application and patent against which an instrument required by Executive Order 9424 (3 CFR 1943–1948 Comp.) to be filed if: (1) the instrument does not affect title and is so identified in the cover sheet (see paragraph (e) of this section); and (2) the cover sheet is filed in a format approved by the Office.

Response to Comments on the Rules

A notice of proposed rulemaking to adjust certain patent and trademark fee amounts and to amend the requirements

for recording an assignment to apply to documents forwarded for recording on the Government Register was published in the **Federal Register** on May 26, 1995, at 60 FR 27934, and in the *Official Gazette of the United States Patent and Trademark Office* on May 30, 1995, at 1174 OG 134.

A public hearing was held June 29, 1995. Nine comments were received and considered in adopting the rules set forth herein. No oral testimony was presented.

Comment: Two respondents stated that the proposed inflationary increase of patent and trademark fees is unnecessary because the PTO is already operating at a surplus.

Response: Current PTO resources include carryover funds from fiscal year 1994. These carryover funds are partly unobligated balances to be carried forward, but primarily advanced fee payments for work to be done in fiscal year 1995. Furthermore, this carryover includes fee income generated from trademark-related products and services which, according to 35 U.S.C. 42(c), may be used only for trademark-related activities. Therefore, to recover all costs associated with the processing of patent applications, and to remain consistent with the current rate of inflation, the PTO is increasing certain patent fees by 3.2 percent as authorized by 35 U.S.C. 41(f).

In addition, two trademark service fees were proposed to be increased. The adopted fee amounts will recover the average cost of providing the service as authorized by 35 U.S.C. 41(d), and will also remain consistent with the equivalent patent service fee amounts.

Comments: Seven respondents objected to the proposal to amend the requirements for recording an assignment to apply to documents forwarded for recording on the Government Register. The respondents stated that not only are Government agencies required by Executive Order 9424 to forward an assignment to the PTO for recordation, but also the PTO lacks the authority under Title 35 of the United States Code to impose a fee for recording an assignment on the Government Register.

Response: 35 U.S.C. 41(d)(1) provides that the Commissioner shall charge a fee of \$40 per property for recording any document affecting title. An assignment is a document affecting title. Therefore, the Office must require a \$40 recording fee for recording any assignment, even those being recorded on the Government Register. If a document to be recorded on the Government Register does not affect title and if it is accompanied by

the appropriate cover sheet, then no fee is required.

Other Considerations

This final rule change is in conformity with the requirements of Executive Order 12612, and the Paperwork Reduction Act of 1980, 44 U.S.C. 3501, et seq. This rulemaking contains no information collection within the meaning of the Paperwork Reduction Act. This final rule has been determined not to be significant for purposes of Executive Order 12866.

The PTO has determined that this final rule change has no Federalism implications affecting the relationship between the National Government and the States as outlined in Executive Order 12612.

The Assistant General Counsel for Legislation and Regulation of the Department of Commerce has certified to the Chief Counsel for Advocacy, Small Business Administration, that the final rule change would not have a significant impact on a substantial number of small entities (Regulatory Flexibility Act, Pub. L. 96–354). The final rule change increases fees to reflect the change in the CPI as authorized by 35 U.S.C. 42(f). Further, the principal impact of the major patent fees has already been taken into account in 35 U.S.C. 41(h), which provides small entities with a 50-percent reduction in the major patent fees.

A comparison of existing and new fee amounts is included as an Appendix to this notice of final rulemaking.

PART 7—REGISTER OF GOVERNMENT INTERESTS IN PATENTS

1. The authority citation for 37 CFR Part 7 would continue to read as follows:

Authority: E.O. 9424, February 18, 1944, 9 FR 1959; 3 CFR 1943–1948 Comp.

2. Section 7.1 is revised to read as follows:

§ 7.1 Requirements.

(a) Executive Order 9424 (3 CFR 1943–1948 Comp.) requires the several departments and other executive agencies of the Government, including Government-owned or Government-controlled corporations, to forward promptly to the Commissioner of Patents and Trademarks for recording all licenses, assignments, or other interests of the Government in or under patents or applications for patents.

(b) An instrument relating to a patent must identify the patent by the patent number. An instrument relating to a national patent application must identify the national patent application by the application number (consisting of the series code and the serial number, e.g., 07/123,456) or the serial number and filing date. An instrument relating to an international patent application which designates the United States of America must identify the international applications by the international application number (e.g., PCT/US90/01234). If an assignment is executed concurrently with, or subsequent to, the execution of the patent application, but before the patent application is filed, it must identify the patent application by its date of execution, name of each inventor, and title of the invention so that there can be no mistake as to the patent application intended.

(c) Each instrument submitted to the Office for recording must be accompanied by at least one cover sheet as specified in paragraph (d) of this section referring to those patent applications and patents against which the instrument is to be recorded. Only one set of instruments and cover sheets

to be recorded should be filed. If an instrument to be recorded is not accompanied by a completed cover sheet, the instrument and any incomplete cover sheet will be returned for proper completion of a cover sheet and resubmission of the instrument and a completed cover sheet.

(d) Each cover sheet required by paragraph (c) of this section must contain:

- (1) the name of the party conveying the interest;
- (2) the name and address of the party receiving the interest;
- (3) a description of the interest conveyed or transaction to be recorded;
- (4) each application number or patent number against which the instrument is to be recorded, or an indication that the instrument is filed together with a patent application;
- (5) the name and address of the party to whom correspondence concerning the request to record the instrument should be mailed;
- (6) the number of applications or patents identified in the cover sheet and the total fee;
- (7) the date the instrument was executed;
- (8) a statement by the party submitting the instrument that to the best of the person's knowledge and

belief, the information contained on the cover sheet is true and correct and any copy submitted is a true copy of the original instrument; and

(9) the signature of the party submitting the instrument.

(e) Each patent cover sheet required by paragraph (c) of this section seeking to record a governmental interest as provided by paragraph (a) of this section must:

- (1) indicate that the instrument is to be recorded on the governmental register, and, if applicable, that the instrument is to be recorded on the Secret Register. See § 7.7.
- (2) indicate, if applicable, that the instrument to be recorded is not an instrument affecting title. See paragraph (j) of this section.
- (f) An error in a cover sheet recorded pursuant to this Part will be corrected only if:
 - (1) the error is apparent when the cover sheet is compared with the recorded instrument to which it pertains, and
 - (2) a corrected cover sheet accompanied by the recording fee set forth in paragraph (i) of this section and either the original recorded instrument or a copy of the original recorded instrument is filed for recordation.

(g) The Office will accept and record non-English language instruments only if accompanied by a verified English translation signed by the individual making the translation.

(h) Instruments and cover sheets to be recorded should be addressed to the Commissioner of Patents and Trademarks, Box Assignment, Washington, D.C. 20231.

(i) All requests to record instruments must be accompanied by the appropriate fee. Except as provided in paragraph (j) of this section, a recording fee set forth in § 1.21(h) of this chapter fee is required for each application and patent against which the instrument is recorded as identified in the cover sheet.

(j) No fee is required for each patent application and patent against which an instrument required by Executive Order 9424 (3 CFR 1943–1948 Comp.) to be filed if:

- (1) the instrument does not affect title and is so identified in the cover sheet (see paragraph (e) of this section); and
- (2) the cover sheet is filed in a format approved by the Office.
